

Sistemi per C&I – INVERTER & STORAGE con SigenStack

Battery Module

253.26 kWh max per stack

4 ~ 21 modules connected per inverter

● Sigen PV 50~110M1-(M1) – (HYA)

Hybrid Inverter

50/60/80/100/110 kW
50/60/80/110/121 kW
50/60/80/110/121 kW

Rated Output Power
Max. AC Output Power
Max. charge/discharge power

● SigenStack BAT 12.0

Battery Module

Total energy capacity per module 12.06 kWh
Nominal charge / discharge rate 0.5C
Max. charge / discharge rate 1.0 C

● SigenStack BC

Battery Controller

Max. output current 180 A
Max. input current of inverter 180 A
Operating voltage range 400 – 1250 V

DC/AC ratio **1.8** IP66

SigenStack: scelta ideale per i sistemi C&I BESS
